## 04-07-02: Scholastic Result Entry for students

### Let us understand the purpose of this activity

In this screen we would learn steps to enter the Exam Result for students.

We will see the result Entry steps for scholastic (Academic) subjects where Grades or Marks are to be entered

Both Class Teachers and Subjects will have access to the screen for Result Entry. Based on the result entered Report Cards can be generated for students

Before we enter the exam result we need to ensure the following:

1. Exam Scheduling has been completed for the Exams by the concerned incharge. Only those Exams appear in the screen for entry which have been scheduled
2. Students have been allocated the applicable optional Subjects

We will need to enter data in this screen after every exam is conducted in school.

**By default this screen is accessible by Class Teachers and Subject Teachers**

### Now, let us begin this activity

1. So in the Examination module, we click on 'Activities' and select screen 'Exam Result'

3. Select 'Academic Year, Session Name, Class and Section for which Result Entry to be done

*If Class Teacher is opening the screen, then automatically the fields – Session, Class and Section will get auto-filled based on the Class Section to which the Class teacher is associated.*

*A Subject Teacher will get access to all classes and sections to which she/he has been associated in the Scheduler module (Timetable).*

4. Now we click on 'Exam Name' and select the Exam for which result is to be entered.
  - a. On doing so the exam code appears in the field 'Exam Code'
  - b. The exam schedule period appears in the field 'Schedule Periods' (as defined in screen 'Exam Schedule')

***Only those Exam names will appear for a class which have been scheduled in Exam Scheduling***

5. Against field 'Result Entry', we will see that either option 'Activity wise' or 'Student wise' is automatically selected and disabled
  - a. Activity wise: This option means that result for the selected exam can be entered for a subject for all the students at one time.  
In this case we have to select Subject 'Category' first and then we select subject name in 'Activity'
  - b. Student wise: This option means that result for the selected exam can be entered for a Student for all the Subjects at one time.

*Example: Student Wise (Field 'Student' gets enabled)*

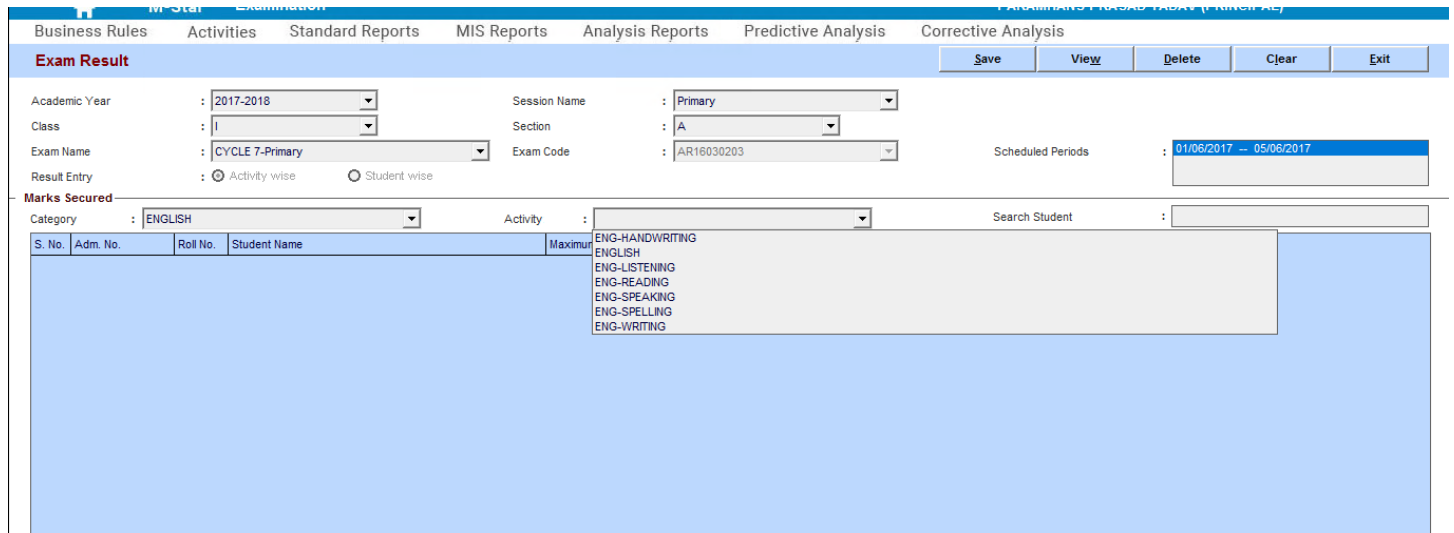

The screenshot shows the 'Exam Result' form with the following details:

- Academic Year: 2017-2018
- Class: I

8. Students against whom Attendance status is selected, the same will be displayed in the report cards as is and the result calculation will be affected as per below:
  - a. Absent: The marks of the student in particular subject for the exam would be taken as '0' out of its maximum marks.
9. Now enter marks of all the students for the selected subject in column 'Marks Secured' or select the Grade / Attendance status in column 'Grade / Attendance Status'.
10. We can also sort the data in ascending or descending order for columns in result grid based on columns - 'Adm. No.', 'Roll No.', 'Student Name' / 'Activity Name', 'Marks Obtained' by clicking on the respective column heading. Click first time → Descending, Click again → Ascending
11. Field 'Evaluation Date' automatically displays the current date.
12. Click on 'Arrow' symbol on the drop down box appearing against text 'Evaluator' and select an 'Evaluator' name for the subject.
13. Now we click on 'Save' button to save the data. Data saved message confirmation received, click on 'OK'.
  - a. It is important to note that for an exam, result entry can be done at a time and if we select another exam name without saving the entries done in existing exam, the data will not get saved for the existing exam
  - b. It is recommended that the data entry is saved in between after few result entries to avoid any loss of data due to power / network / PC failure, though the screen can be saved after all or multiple entries have been done for the exam selected

## 04-14-01: Class Teacher / General Remarks' entries

### Let us understand the purpose of this activity

The result entry of additional observations/remarks for students such as Class Teacher Remarks, etc is done in this screen. The Observation names display as per the Observation rule defined for various classes for the school

Before we enter the Observation Result, we need to ensure that we have defined the rules for the various observations.

We will need to enter data in this screen either for exam Term I and/or Term II / Term Final basis the current process followed at school.

### Now, let us begin this activity

1. We login to the Examination module and click on 'Activities'
2. Select screen 'Observation Allocation' from the list as shown below.

## Points to Remember

1. The Result entry has to be done under Sub-Subjects (if applicable in a class) and not under main heading Subjects. These differ from class to class  
Refer below for an example:

Class	Subject Name (Examples only)	Result Entry
I, II	English	✘
	Eng-Speaking	✓
	Eng-Handwriting	✓
III-IX	English	✓
	Mathematics	✓
	Home Science	✘
	HSC-HSC Theory	✓
	HSC-HSC Practical	✓
XI, XII	Physics	✘
	Phy-Physics Theory	✓
	Phy-Phy. Practical	✓

2. In classes where sub-subjects are applicable, the subject headings will always be shown as 'Graded' subjects in all Exams indicating that entry is not to be done in these subjects

E.g. Physics in class XI and XII is considered as Subject Heading, whereas 'Phy-Theory' and 'Phy-Practical' are its sub-subjects. So in all exams 'Physics' main subject will be shown as Graded and actual entry needs to be done under its sub-subjects 'Phy-Theory' and 'Phy-Practical'

3. Some subjects are displayed with short form / code E.g. ENG-Reading, EVS-Skills, PHY-Physics Theory etc. These codes / short forms will not appear against the subject name in the Report cards.
4. While Result is being entered, it is recommended that we keep saving our entry after every 4-5 entries instead of waiting till the end. This is only to avoid data loss in case of internet issue at the school / user level
5. The Entry of Grades for Non-Academic/ Co-Scholastic Subjects is done in screen 'Observation Allocation'
6. The Entry of Remarks (Class Teacher's Remarks etc) is done in screen 'Observation Allocation' against specific Term Exams
